

Denny Heck for Congress

Dear Friend,

Today I received a call from Congressman Chris Van Hollen - Chairman of the national Democratic Congressional Campaign Committee (DCCC) - to tell me we have been placed on their Red-to-Blue program.

Being named to the Red-to-Blue program will mean an incredible amount of support and resources for our campaign and **I cannot thank you enough for getting us there.** Without your early support we would have not been on the national radar and be positioned to be placed on Red-to-Blue.

The next few weeks are a critical time for my campaign.

We cannot let up-- we have to continue to demonstrate the DCCC we deserve their support. **I need your help today to show the DCCC that we have the grassroots support to run a strong race from now all the way through November by hitting our goal of \$10,000 by Friday.**

This year's election is shaping up to be one of the most hard-fought in history, and the Red-to-Blue program will provide vital support to our campaign focused on getting Southwest Washington's economy moving again—but only if we continue to show we deserve to be part of their program.

There are dozens of Democratic candidates running competitive races against Republican incumbents across the country, and they all know what being a part of the Red-to-Blue program would mean for their campaigns. I know I can shoot up to the top of the DCCC's list if I report back with strong fundraising numbers this Friday --**but I need you to get me there.**

I deeply appreciate your continued support, and look forward working with you over these critical days and months ahead.

Thank you for driving my success. Let's get to work!

Denny Heck
